

MEMORANDUM FOR: DIRECTOR

Mr. C. D. Jackson, in his 12 October 1953 letter, requests that you call to the attention of your Personnel and Administrative Officers the necessity for placing FSB staff members who are not going to the OCB staff.

The attached proposed reply acknowledges Mr. Jackson's letter and advises him that you have instructed your Personnel Office to examine all possibilities which may exist for using the personnel who are made available. We are actually doing this; however, I think you should know that we are not having very much success in placing these people, inasmuch as at least some of them are ex-CIA employees whom our offices are most reluctant to employ again.
